

EBS-260 HANDJET PRINTER **INK OPTIONS**

Ink Options

Black Acetone Based Ink:

- Dasco Part Number: EBSP129200
- Best Application Surfaces: Paper, cardboard, wood, textiles
- Other Recommended Application Surfaces: Porous, Smooth, Absorbant, Metal, Polyvinyl Chloride (PVC), PVC Pipes, Polyurethane (PU), Polypropylene (PP), Polyethylene (PE), Glass, Wood, Paper/ Cardboard, Rubber, Textile, Concrete

White Acetone Pigmented* Ink:

- Dasco Part Number: EBSXI40229
- Best Application Surfaces: Darker colored paper, cardboard, wood, textiles
- Other Recommended Application Surfaces: Darker colored Porous, Smooth, Absorbent, Metal, Polyvinyl Chloride (PVC), PVC Pipes, Polyurethane (PU), Polypropylene (PP), Polyethylene (PE), Glass, Wood, Paper/Cardboard, Rubber, Textile, Concrete

Methylethylketone (MEK) Pigmented* Ink:

- Dasco Part Number: EBSXI40019
- Best Application Surfaces: Metal, concrete, plastic
- Other Recommended Application Surfaces: Porous, Smooth, Absorbent, Metal, Polyvinyl Chloride (PVC), PVC Pipes, Polyurethane (PU), Polypropylene (PP), Polyethylene (PE), Glass, Wood, Paper/Cardboard, Rubber, Textile, Concrete

Light Blue/Yellow Methylethylketone (MEK) Pigmented* Ink:

- Dasco Part Number: EBSXI40030/EBSXI40028
- EBS Part Number: XI40030/XI40028
- Best Application Surfaces: Metal, concrete, plastic
- Other Recommended Application Surfaces: Porous, Smooth, Absorbent, Metal, Polyvinyl Chloride (PVC), PVC Pipes, Polyurethane (PU), Polypropylene (PP), Polyethylene (PE), Glass, Wood, Paper/Cardboard, Rubber, Textile, Concrete

*Pigmented: UV tolerant, not UV resistant but pigmented ink lasts longer outside than non-pigmented ink
