

LW-PX700

Robust • Versatile • Economical

The Epson LABELWORKS LW-PX700 offers you a portable label and wire marker solution with exclusive time and cost-saving features for creating custom and compliant labels up to 1" (24 mm) wide. Type your message in multiple languages and choose between horizontal and vertical labels. Organize tool cribs, identify storage bins, make safety labels, mark cables and wires, tag assets and more. With application-specific hot keys, this easy-to-use label maker offers extraordinary flexibility.

FEATURES AND FUNCTIONS

Store image files

Upload and store up to 5 image files with the LW-PX700 using Epson's Label Editor Software. This is perfect for photos, company logos, icons and symbols specific to your company. Or choose from the 1000+ industrial symbols programmed in the printer.

Automatic Half-Cut

With Epson's unique half-cut option, you can print a strip of labels and automatically cut only the label – not the backing layer. This keeps your labels together, but makes them easy to separate and apply. So go ahead and print as many labels as you need and take them with you – whether they're the same length or different. The half-cut feature makes peeling and applying them fast and convenient.

*Screen Content Simulated

Save Tape

Say goodbye to unnecessary tape waste! Customize your margins for optimal tape savings. Epson's auto-rewind technology pulls unused tape back into the machine, giving a tight 4mm lead margin and 1mm margins on printed labels.

Mixed Length Function

In many cases, industrial labeling calls for a diverse array of labels of varying length. Our mixed-length function gives you the freedom to print labels of varying lengths in succession without constraints. With Epson LabelWorks, you determine the length of your labels, not the limitations of your printer.

Software-Compatible

Use Epson's Label Editor software to create professional labels for your entire workplace. Print images, bar and QR codes, tables and logos. Batch print by importing spreadsheets. It makes printing efficient!
