

Material #244: Cast Gloss 10pt. Card Stock

Facestock:

Description: Cast gloss coated paper tag stock receptive to water-based dye ink. It is ideal for high quality printing applications where sharp contrast and brilliant colors are needed. FSC certified.

Thickness: 10 mil

Storage Considerations:

QuickLabel warrants that this label/tag product retains its performance properties for one year from the date of purchase if properly stored at room conditions between 64-72°F and 30-60% relative humidity. Do not store in direct sunlight. Do not remove protective packaging until product is to be used.

Recommended Applications:

Material# 244 is a great material for applications that require superior photo realistic output with vivid brilliant color. The matte bottom coat offers the option to print on the backside of the material. Based on its premium output quality, versatility and overall rigidity, this material would be ideal for printing flyers, brochures, menus and catalogs.
